Critical Information Summary

Information about the service

Here's a quick summary of the important bits about your Eco mobile plan. It covers things like the inclusions and how much it costs each month.

This is a post-paid mobile phone service, which gives you access to our network, a mobile phone number, and let you make and receive calls, send and receive messages, and have access to mobile data.

Minimum Term

This plan has a one-month minimum term.

What's included and excluded

Unlimited national call value - with your monthly plan allowance you can make unlimited standard national calls to fixed and mobile numbers, including unlimited standard SMS and MMS, voicemail retrieval, and calls to 1800 and 13 - 1300* numbers.

Your unlimited included value **cannot** be used for making calls and sending SMS/MMS to international numbers, satellite numbers, or used when roaming overseas. These will incur excess usage charges to your monthly bill.

Calls and SMS/MMS to premium numbers (e.g. 19xx numbers), Sensis calls or other content charges (including third party charges) are barred.

1 GB included data - Receive **1 GB** every month to access the mobile data network. Unused data expires each month and cannot be used while roaming overseas.

Information about pricing

The minimum monthly charge is **\$14**. Excess Usage charges apply if you use more than your included data, or make calls, send SMS/MMS to any of the non-included numbers, and when roaming overseas. If you wish, opting in to Zero Bill Shock will allow no excess usage charges against your monthly bill**.

Your monthly charges and inclusions are metered and billed from the 28 to 27 of each month. Any plan upgrade or downgrade made on days other than the 27th of any month will be fully charged on the day of the change (current month) and on the 28th (month in advance). Please refer to billing details.

Early termination

There is no Early Termination Fee (ETF) and this service can be cancelled at any time. The amount owing for a cancelled service will be the cost of any usage incurred up until the time of cancellation plus the minimum monthly charge.

Standard calls, SMS/MMS and data charges
